<https://www.linkedin.com/in/preeits/>

Dynamic and detail-oriented professional with a focus on **business analysis & process optimization roles**, leveraging extensive experience in **operations within the technology sector**, particularly targeting opportunities in **business intelligence and business process development**.

PROFILE SUMMARY

- Accumulated **nearly 2 years** of comprehensive experience in the field of **business process analysis**, specializing in **operational efficiency and data-driven decision-making** within the technology and e-commerce industries.
- Worked as a **Senior Associate in Product Operations at Amazon**, enhancing operational workflows and driving process improvements through data analysis and automation initiatives.
- Demonstrated **exceptional analytical and problem-solving skills**, effectively identifying and addressing operational inefficiencies while fostering collaboration among cross-functional teams to achieve common goals.
- Possess in-depth knowledge of **business process mapping and workflow automation**, enabling the design and implementation of systems that enhance productivity and streamline operations.
- Adept at improving **data accuracy and process compliance**, ensuring adherence to industry standards and minimizing errors across multiple systems and platforms.

WORK EXPERIENCE

Amazon, Pune, M.H. | Senior Associate, Product Operations | Jul 2023 – Dec 2024

- Achieved 40% workflow optimization** by leading **process mapping** and **root cause analysis**, driving enhanced **classification accuracy** across 7+ global marketplaces (DE, SG, EU, CN, UK, Romania, IN).
- Boosted reporting efficiency by 50%** through **automation** of **data analysis dashboards** in **Advanced Excel** and **Hubble (SQL)**, delivering real-time, data-driven insights to senior leadership.
- Reduced error rates by 35%** by developing and deploying an **automated issue detection system**, identifying **recurring data errors**, and implementing strategic **process improvements** to enhance operational accuracy.
- Accelerated case resolution by 25%** by analyzing 24+ complex client issues daily, streamlining **cross-departmental collaboration**, improving **data accuracy**, and ensuring timely resolution.
- Reduced manual reporting time by 45%** by designing and implementing **workflow automation systems**, improving data integrity and simplifying **stakeholder reporting** for better decision-making.
- Presented **data-driven insights** and strategic recommendations in **30+ leadership strategy sessions**, demonstrating exceptional **communication** and **presentation skills** while managing multiple high-priority projects.
- Enhanced compliance by 20%** by initiating **automated keyword detection** for hazardous products (WEEE & Battery categories), significantly reducing the risk of **misclassification** and ensuring regulatory adherence.
- Partnered with **5 cross-functional teams** to audit processes across India and China, leading **SOP optimization** initiatives that resulted in a **15% reduction in error frequency** and improved operational efficiency.

INTERNSHIP

JCB Pvt. Ltd., Pune, M.H. | Supply Chain and Operations Intern | Jun 2022 – Jul 2022

- Boosted supply chain efficiency by 40%** through automation of **inventory management** and optimization of **assembly line loading/unloading**.
- Enhanced risk management** by designing an **automated barricading system**, improving **workplace safety** and reducing human error.
- Cut operational bottlenecks by 30%** by leading **5 automation projects**, including **paint shop optimization** and **real-time inventory tracking**.
- Analysed 150+ vendor operations** with **Excel** and **Power BI**, driving **process improvements** and **cost reduction**.
- Increased reporting accuracy by 25%** by creating **automated dashboards** for better decision-making.

EDUCATION

- Bachelor of Technology in Industrial Engineering - CGPA: 8.3 | Jabalpur Engineering College | JUL 2019 – JUN 2023**

CORE COMPETENCIES

- **Business Process Optimization**
- **Data Analysis & Visualization**
- **Business Intelligence & Reporting**
- **Operational Efficiency & Cost Reduction**
- **Cross-Functional Collaboration**
- **Agile Methodologies & Project Management**
- **Data Accuracy & Compliance**
- **Strategic Insights & Leadership Reporting**

TECHNICAL SKILLS

- Process Optimization:** Business Process Mapping, Root Cause Analysis (RCA), Workflow Automation, SOP Creation
- Data Analysis & Reporting:** Advanced Excel, SQL (Hubble), Power BI, Data Visualization, Statistical Analysis, Dashboard Creation
- Business Intelligence:** Operational Audits, Process Automation, Metrics Tracking, Data Interpretation
- Project Management:** Agile Methodologies, Multi-Project Management, Cross-Functional Collaboration, Risk Management, Stakeholder Engagement

CERTIFICATIONS

- **Google Project Management – Google**
- **Aha! Product Management – Aha!**
- **Data Analysis – Microsoft**
